Mathematics for Economists: Amazon.co.uk:
Carl P. Simon ...

The official™ textbook of the course is Simon, C. and L. Blume, Mathematics for Economists, (W.W. Norton, London 1994). This book is somewhat basic by the standards of modern graduate economics courses, but is well written and organized, and touches on most of the important topics. As such, it is probably worth owning as a reference book.
