Technology, Media & Society | University of Colorado Boulder

The book is excellent. I especially like the chapter on media and ideology. This would make a great core text for an introductory course. My course is upper level and more narrowly focused on politics and social identity, so I decided to use a combination of three targeted books --one on gay rights, one on race and the third on the effects of minority representation on political attitudes--and ...

Painful. An excruciatingly long read that only gets two stars because it DOES have educational value, but I'm not happy that I had to put up with it semester. This book was assigned for my "Media & Society" course. Every chapter was a lesson in extreme discipline. I am a reader by nature, but this ...
