Melanie Klein | British psychologist | Britannica
Melanie Klein née Reizes (30 March 1882 – 22 September 1960) was an Austrian-British author and psychoanalyst who is known for her work in child analysis. She was the primary figure in the development of object relations theory. Klein suggested that pre-verbal existential anxiety in infancy catalyzed the formation of the unconscious, resulting in the unconscious splitting of the world into ...

Melanie Klein : her world and her work (Book, 1986 ...
Although Melanie Klein bases her theory on Freud, she contends that his suggested time frame is flawed, with the superego present from birth, and the oedipal complex occurring in the first year of life. Freud's concept of life and death forces (Eros and Thanatos) as primal human drives heavily color Klein's thoughts.

Melanie Klein - Wikipedia

In London Melanie Klein found her intellectual home among the British psychoanalysts, who embraced her new ideas and were eager to learn her play technique. She spent the rest of her life there developing her theory of child development into a new school of psychoanalytic thought and training future analysts in her theory and technique.
