Calls: Semantics / Semantic Fieldwork Methods (Jrnl)

This paper presents and motivates a methodology for conducting semantic fieldwork on languages of the Americas. I first argue that one cannot gather adequate information about meaning from spontaneous discourse alone. Thus, direct elicitation (including asking consultants for judgments) is an indispensable

Methodologies in Semantic Fieldwork - Oxford Scholarship

Several chapters cover issues specific to semantic topics such as modality, comparison, tense and aspect, and definiteness, while others focus on elicitation techniques more generally, addressing methodological issues such as the creation of elicitation plans, the choice of language in which to conduct elicitation, and the status of translation tasks.

On the Methodology of Semantic Fieldwork | Request PDF

Furthermore, the chapters in the volume demonstrate that elicitation on semantic topics, when conducted following sound methodologies, can and does produce reliable results. Given that many of the world's languages are currently endangered, this type of work is critical for gathering new empirical findings that bear on linguistic theory.

## Methodologies in Semantic Fieldwork - oi

Semantic Fieldwork Methods is a new online peer-reviewed journal, dedicated to the discussion of innovative techniques and materials for use in semantic and pragmatic fieldwork. We invite contributions which explain and illustrate how hypotheses about meaning can be tested in a fieldwork setting. Ideally, methodologies proposed and elicitation materials presented in SFM papers will be applicable across a wide range of languages.
