(PDF) Optimizing IFAS and MBBR Designs Using Full-Scale Data

Design and art. Today, the term design is generally used for what was formerly called the applied arts. The new term, for a very old thing, was perhaps initiated by Raymond Loewy and teachings at the Bauhaus and Ulm School of Design (HfG Ulm) in Germany during the 20th century. The boundaries between art and design are blurred, largely due to a range of applications both for the term 'art' and ...
