Two-liter bottle - Wikipedia

He attributed the eventual success of the Macintosh to people like John Sculley "who worked to build a Macintosh market when the Apple II went away". At the end of 2020, Wozniak announced the launch of a new company helmed by him. Efforce is described as a marketplace for funding ecologically-friendly projects.

Moonshot John Sculley

History. PepsiCo introduced the first two-liter sized soft drink bottle in 1970. Motivated by market research conducted by new marketing vice president John Sculley (who would later be known for heading Apple Inc. from 1983 to 1993), the bottle and the method of its production were designed by a team led by Nathaniel Wyeth of DuPont, who received the patent in 1973.
