Adler says, I think correctly, that philosophy is everyone's business, to help us understand things we already know better than we now understand them. And, it is humbling to know, when you finally think you understand something, to find that someone--Aristotle, for example--understood it more than three hundred years before the birth of Christ, and without the benefit of television documentaries.

In this section, removed during the last possible round of trimming, I argued that Mortimer Adler's 1978 book, Aristotle for Everybody, relaunched his career as a public intellectual. Although Adler proclaimed himself an Aristotelian in the 1950s, after 20 some years as a neo-Thomist, it was this book that attempted to directly explain what it meant to be a twentieth-century Aristotelian.
