Mountains of the Mind Quotes by Robert Macfarlane

This final stage of the mountain involved the ascent of a long, curving ramp of ice the team had nicknamed the Sickle glacier, and then of a steep band of rock which protected the summit itself. Aside from this band, the route offered nothing serious in the way of technical obstacles and, keen to save weight,...

Mountains of the Mind - Book Review — The Armchair Mountaineer

Mountains were once thought of as godless and lawless places, best to be avoided. By the 17th century, those associations were changing, says Macfarlane (Emmanuel College, Cambridge), as a geology beyond scripture was first being understood, and by the 19th century the hills were being read like great stone books, “ ghostly landscapes which ...

Mountains of my mind | Lost Sight yet Gaining Vision

In Mountains of the Mind Robert Macfarlane perfectly traces the history of man ' s relationship with mountains, changing from one of hostility to one of awe, alongside his own experiences and emotions.
