Download Mule in Action, Second Edition - SoftArchive

mule-send is a jBPM action supplied by the jBPM module. As you can see at . B. and . C, it can be used to send or dispatch an arbitrary variable in the process to a Mule endpoint. An analogous . mule-receive. action also exists to receive or wait for a message from Mule. 2. Now that the process is defined, you need to configure Mule to use jBPM and trig-

This is an excellent book, and the 2nd Edition is less than a year old. But with so many changes in the latest Mule versions (between 3.x and 3.5.x), its content is already outdated. Many of the samples use deprecated connectors and processors (JDBC, All, etc.) while failing to cover important new ones like Web Service Consumer and Database.
