An important reason is the integrity of the archive and the RePEc services (NEP, CitEc). If a paper is taken from the archive, all links and references will become dead. This means that citations cease to be reliable. Another reason is related to documentation of priority of results. A crazy case would be that a paper is plagiarized and then ...

The objective of this paper is to analyze the efficiency of the Italian Banking System over the period 2006-2010. By applying the Stochastic Frontier Approach (SFA) to a panel of 700 banks, the analysis is based on the joint estimation of a cost function and an efficiency equation (Battese and Coelli, 1995). The bank outputs are the loans, the income commission and the securities.

About the Repository - Munich Personal RePEc Archive

Despite the fact that in 2011 Italy will celebrate the 150th anniversary of its political unification, geographical disparities stand out as a prominent characteristic of the country. The paper estimates the trend of the cost-of-living differentials across regions in the half-century after the Second World War. We find that the North-South gap has steadily increased, from 10 percent in 1951 to ...
