About the Repository - Munich
Personal RePEc Archive
An important reason is the integrity of
the archive and the RePEc services
(NEP, CitEc). If a paper is taken from
the archive, all links and references
will become dead. This means that
citations cease to be reliable. Another
reason is related to documentation of
priority of results. A crazy case would
be that a paper is plagiarized and then

General polygyny -- near universal
marriage and polygyny -- is common
in Africa. But why would men marry n
wives for $1/n$ th of the time instead of
monogamously? Downsides include
prolonged bachelorhood and a high
degree of step-parenting. We point to
the African slave trade which
