Quebec was first called Canada between 1534 and 1763. It was the most developed colony of New France as well as New France's centre, responsible for a variety of dependencies (ex. Acadia, Plaisance, Louisiana, and the Pays d'en Haut). Common themes in Quebec's early history as Canada include the fur trade -because it was the main industry- as well as the exploration of North America, war ...

For almost a decade, they ran rampant, until Putin, a hardline KGB officer and operative, took the reins. Nationalizing all of the big industries, he handed them off to trusted insiders, creating a new oligarchy. Simultaneously, he inserted communist party leaders into ministerial positions in his cabinet and government.
