Stroke Recovery | Integrative Approach | Revive Centers ...

Revive is a world-renowned neurological rehabilitation and optimization facility that transforms the lives of TBI survivors, restoring function and quality of life for our patients. We also lead the way in optimizing brain function for healthy brains- including professional athletes, entrepreneurs, and dedicated individuals who wish to maximize ...

Neurological Rehabilitation Optimizing Motor Performance

Neurological Rehabilitation: Optimizing Motor Performance is an excellent book for a practical, task-oriented approach to neuro-rehabilitation, and I would recommend it as one of the key resources for working with clients with neurological conditions. However, additional resources may also be useful, since this book focuses on the task-oriented approach and offers little information or evidence on other approaches.
