While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

No Summit out of Sight: The True Story of the Youngest ...
No Summit out of Sight CHAPTER 1 It was the first day of fourth grade when I told my dad I had decided to climb the highest peak on each of the seven continents: the Seven Summits. I was nine, and all summer long I'd been thinking about a mural on the wall of my elementary school, which laid out each of the Seven Summits and their elevations.
