The latter point can be elaborated as follows. On the issue of the North-South transfer of jobs, the fundamental anxieties of Northern workers are understandable notwithstanding the evidence so far that the magnitude of job losses from trade, the outflow of foreign direct investment, and outsourcing of services has been small.

Economy of Northern Ireland - Wikipedia

NABTU is dedicated to the stability of employment and economic security of organized construction workers in North America. The private investments made by our unions and our signatory contractors have created the most renowned apprenticeship training and education infrastructure found anywhere in the world.

South Korea-Japan trade war threatens to disrupt the ...

The North American Free Trade Agreement (NAFTA) is unpopular with many working people in the United States, who correctly blame it for encouraging capital flight, job losses, deindustrialization, and wage suppression. President Trump has triggered the renegotiation of the agreement, which will likely conclude early next year.

North South Trade Employment And

Expansion of trade in manufactures between developed and developing countries has had a far greater effect on labour markets than earlier research suggested. In developing countries (the South), unskilled workers have benefited most from this trade, but in developed countries (the North) the gains have been concentrated on those with skills, while unskilled workers have suffered falling wages ...

KOSIS KOrean Statistical Information Service

South America - South America - Trade: In South America, most banks and financial institutions are large enterprises, with branches in many cities and towns. In some countries a high proportion of these were government-owned until the late 1980s, but by the early 21st century foreign-owned banks or joint-venture enterprises of local and foreign capitalization were common.
