Sadly, "Good Intentions" feels like a writing assignment for a college writing course. The prose is awkward, and a potentially intriguing plot has promise but is spoiled by a lack of tension (and some weird plot holes such as angels are strengthened by good deeds but succubus demon is

strengthened by sex rather than evil deeds).

The best word I can think of in summation is “FUN.” At its roots, that’s what Good Intentions (and Natural Consequences) provides. So, why the less than perfect score? In short, it got dragged down by baggage. This seemed like a REALLY good novella, with a bunch of sexual fluff/filler expanding it into a mediocre novel.
