Julie Sze's *Noxious New York* examines the intersection of community health and environmental [End Page 868] justice in New York City, in communities that have little or no access to what might be called "nature" in an urban environment (parks, waterfronts, beaches). While the siting of unwanted infrastructural projects such as garbage transfer stations, power plants, incinerators, and sewage treatment plants was part of the communities' concerns, they were broadened to include other issues.
