Welcome to NRP

Normal Transition: A Birth. The transition from fetus to neonate, commonly called birth, is one of the most profound changes that human will ever undergo. During this transition, the fetus ceases to receive blood, oxygen, and nutrients from the maternal circulation and must derive those things from the outside world.

UpToDate

The Neonatal Resuscitation Program (NRP®) was developed by the American Heart Association and the American Academy of Pediatrics to teach an evidence-based approach to newborn care and facilitate effective team-based care for healthcare professionals who care for newborns at the time of delivery.
