It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator – a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

There's a saying on Earth: "Fake it till you make it." Sadly, I'm no longer on Earth. My motto is: "Fake it till you get caught." I'm trying to settle into being the Oath Forger, trying to resist the advances of the five most powerful kings in the galaxy (it's going about as well as you'd think), expecting my lies to catch up with me at any second.

Unfortunately I can't give this book 5 stars because of how short it is. The book finishes at 87% so there are only 173 pages and a few of them are the contents/acknowledgements. I enjoyed the book, but to me it's a novella and at \$3.99 AUS for each book in the series its quite steep.

Oath Forger Series by Nia Mars - Goodreads

Chapter Three In the morning, when our rescuers come into the cafeteria, Agent Woman is with them once again. Excellent. Just the person I wanted to see. I swallow the food in my mouth and wipe my lips. "I hope she's going to give us some explanations," Jess says next to me, still as unenthusiastic about the green slime as she'd been the night before.

Oath Forger 3 (Oath Forger, #3) by Nia Mars

The third book in the Oath Forger series picked up right where book 2 left off... with Ava revealing her virginity to her 5 kreks. In this book, Ava grows closer to her kreks, Uthan and Koah the most, and finally accepts one of the men.

Oath Forger (Book 3): A Reverse Harem Sci-fi Romance: Nia ...

Just like book 2, book 3 in the Oath Forger series starts off right where the last one ended. Just after Ava had declared her virgin status to her harem. Now, I completely understand why she still had her V card at 23, sounds like childbirth was paramount to a death sentence on Earth, but I have never been a fan of the virgin trope, especially where the men are as far from virgins as they could possibly get.
