Apogee ONE for iPad & Mac Audio Interface | Guitar Center

To cut it short, apart from iOS compatibility, this is clearly the greatest evolution of the interface, which might motivate owners of the One for Mac to invest in this One for iPad & Mac. To accompany all this, Apogee included an iOS version of the Maestro software that allows us to manage optimally the interface's inputs/outputs and the different possible combinations.

Apogee One for iPad, iPhone and Mac Sinamex - Singapore

The Apogee One for iPad, iPhone and Mac is the best portable DAC and headphone amp I've tested. By portable, I mean one that plugs into an iOS device and needs no external power to play. It's the best because it has the most and cleanest output, it's the best made (all metal), and it has the best ergonomics: a big volume knob right where you need it.
