A sustainable community is a desirable place to live, work, visit and play. At the core, sustainability is about creating livable neighborhoods and providing core services for residents and businesses. This is an aspirational vision for Westminster and it will take many partners working together to make it a reality.

Sustainability - Westminster

Although sustainability offers an all-encompassing framework for much of the former and continuing environmental research in operations, Linton et al (2007) argue that in essence, sustainability in operations and supply chain management moves beyond current conventional practices.
