Application-specific integrated circuit - Wikipedia

Hi there, Thanks a lot, the code and functions were easy to understand. One thing I am wanting to know, while forming Jacobian matrix, the equations used in your code are little different in terms of positive and negative signs and some other thing than those I have been using.

Grid of the Future - sasg2019.com

An application-specific integrated circuit (ASIC / ? e? s ? k /) is an integrated circuit (IC) chip customized for a particular use, rather than intended for general-purpose use. For example, a chip designed to run in a digital voice recorder or a high-efficiency bitcoin miner is an ASIC. Application-specific standard
