Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface. However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback.

Advanced, ubiquitous magic always seems to end up working just like technology. The car engine might be powered by a fire elemental, and the telephone may work through the principle of contagion, but this doesn't affect the man on the street. They just get in the car and drive away, or pick up the phone and talk – no special talent required, just as if the devices were technological.
