Origins:Discovery was a very worthy addition to the Origins series. Henrikson once again follows Hastelloy through time, this time as the American continent is discovered. I found it very fun to follow such well known figures once again, this time it was Columbus and Ponce de Leon as they forged history with Hastelloy in tow.

Origins: The Reich eBook: Mark Henrikson: Amazon.com.au ...
Everything I like in a science fiction story with a good plot and not overrun with numerous characters. There are three strands in this book which are coming together towards the end however I did not realise this was a serial and not a series as it does not stand particularly well by itself, there are quite a lot of loose ends to be picked up in the next book.
