Modern societies are filled with formal organizations, or large secondary groups that follow explicit rules and procedures to achieve specific goals and tasks. Max Weber (1864–1920), one of the founders of sociology, recognized long ago that as societies become more complex, their procedures for accomplishing tasks rely less on traditional customs and beliefs and more on rational (which is to ...

12.6: Chapter Summary - Social Sci LibreTexts

Our civilization has chosen machinery and medicine and happiness.” Mustapha tells John this line when he asks why the new civilization has no God. Mustapha explains that because each person's life is predetermined in the lab, down to their social caste, what they wear, and how they will live, there is no room for God or for individual belief in any other power but the power of Ford and ...

Unit 3: Japan - From Isolation to Adaptation Chapter 12-16

In most countries, race and ethnicity combine with social class to produce longer life expectancies for the (wealthier) dominant race, which in the Western world is almost always white. The United States again reflects this international phenomenon: whites born in 2005 could expect to live 78.3 years on the average, but African Americans only 73.2 years.
