Ethical issues in palliative care - Medicine

Get this from a library! Palliative care ethics : a companion for all specialties. [Fiona Randall; R S Downie; Oxford University Press.] -- "Palliative care has developed outwards from its origin in hospices and is now seen to be an important aspect of every branch of health care: primary care, nursing home, acute wards, oncology wards, ...

Palliative Care Ethics: Companion

Palliative care is a rapidly growing area within health care and one in which there are many ethical dilemmas. Chronically and terminally ill patients increasingly wish to take control of their own lives and deaths, resources are scarce and technology has created controversial life-prolonging treatment.

Palliative Care Ethics: a Companion for all Specialties ...

Part Two explores the more controversial current end-of-life care initiatives, such as advance care planning, preferred place of care and death, euthanasia and assisted suicide, extended ideas of "best interests", and the view that there are therapeutic duties to the relatives of patients.

Palliative Care Ethics A Companion

Palliative Care Ethics, in this second edition, is now more user-friendly and includes genuine case histories to illustrate ethical issues in the real world. The authors have expanded the section on rationing in response to the changing health care environment and confront the issues of patient rights to a far greater extent. There is also a new chapter covering terminally ill children.

Palliative Care: An Ethical Obligation - Markkula Center ...

Palliative care is therefore faced with more ethical problems than other areas of health care. This book, by a clinician, teacher, and writer on health care ethics, has been written to provide all those who care for the terminally ill—doctors, nurses, social workers, clergymen, physiotherapists—with the concepts and principles which will assist them with difficult decisions.

Palliative Care Ethics: a Good Companion

While some critics have deprecated the "ethics industry," Fiona Randall, R S Downie Oxford University Press, £19.50, pp 160 ISBN 0 19 262632 9 Currently, society is trying to cope with medicine's rapidly increasing knowledge base and technological sophistication, while recognising the need to respect individuals and their rights.

Palliative Care Ethics: A Companion for All Specialties ...

Palliative care is a recent branch of health care. The doctors, nurses, and other professionals involved in it took their inspiration from the medieval idea of the hospice, but have now extended their expertise to every area of health care: surgeries, nursing homes, acute wards, and the community.

Palliative Care Ethics: A Companion for All Specialties ...

Palliative Care Ethics: A Good Companion. Currently, society is trying to cope with medicine's rapidly increasing knowledge base and technological sophistication, while recognising the need to respect individuals and their rights.

An ethical framework for integrating palliative care ...

PALLIATIVE CARE is the comprehensive, coordinated, and concentrated relief of both pain and suffering in terminally ill or incurably ill patients; it has always been a moral responsibility of physicians, regardless of specialty. 1-3 For several reasons this moral obligation has today become more important...

Palliative Care Ethics: A Good Companion by Fiona Randall ...

In this case, the subtitle, A companion for all specialties, is not only relevant but incredibly important. Without it, the book might easily be ignored by those who neither work nor have a special interest in palliative care, and more particularly in the care of dying patients. The target readership for this book is very much wider than that.

Palliative Care Ethics: A Companion for All Specialties ...

Palliative Care Ethics : A Companion for All Specialties by Fiona Randall and R. S. Downie (1999, UK-Paperback, Revised)

Emerging Ethical Issues in Palliative Care | JAMA | JAMA ...

The basic philosophy of palliative care is to achieve the best quality of life for patients even when their illness cannot be cured. In contrast to hospice care, palliative care is offered at any stage of illness: in conjunction with life-prolonging therapy or as comfort care at the end of life.

Palliative care ethics : a companion for all specialties ...

Benevolence to the person in the context of advanced chronic or terminal conditions requires that: 1. The (changing) goals of care are clearly identified and evaluated in the light of the person's overall needs and preferences 2. Palliative care principles are introduced into a person's care as early as appropriate 3.
