How to Write a Technical Manual From Scratch | Bizfluent

A paper should communicate the main ideas of your research (such as the techniques and results) early and clearly. Then, the body of the paper can expand on these points; a reader who understands the structure and big ideas can better appreciate the details. Another way of saying this is that you should give away the punchline.

### Paper Technical Manual

Paper-based manuals are CMS manuals that were officially released in hardcopy. The majority of these manuals were transferred into the Internet-only manual (IOM) or retired from the manual. Pub 15-1, Pub 15-2 and Pub 45 are exceptions to this rule and are still active Paper-Based Manuals. The remaining paper-based manuals are for reference purposes only and have been archived.
