Paracelse - " Les vivants et les dieux "

His “somatosensory homunculus” is now taught in most introductory psych classes. Cognitive psychologists talk of the “homunculus fallacy”—the erroneous assumption that your sensations are projected onto your mind like a movie, which logically necessitates the presence of a viewer, or homunculus, inside your brain.

Paracelsus | Biography & Facts | Britannica

At Ancient Origins, we believe that one of the most important fields of knowledge we can pursue as human beings is our beginnings. And while some people may seem content with the story as it stands, our view is that there exists countless mysteries, scientific anomalies and surprising artifacts that have yet to be discovered and explained.

Paracelsus: Alchemical Genius of the Middle Ages ...

Man is a microcosm, or a little world, because he is an extract from all the stars and planets of the whole firmament, from the earth and the elements; and so he is their quintessence.
