Parallel #4: Male and Female Duality
Another common theme observable in various myths and faiths from around the world is the dual aspect of male and female forces. The interplay of these two maintain balance and harmony in the cosmos and at times they are also responsible for the creation of the world itself, though many beliefs often cite a sole male creator.

(ebook) - eBooks.com***

The author shows where parallel myths have developed between cultures where there is no known contact and speculates, via various models, on how this might have happened. Myths are presented from the typical Greek, Roman and Norse, through Egyptian, Semitic, Polynesian and various Native American tribal myths as well as Incan and Aztec.

Parallel Myths book by J.F. Bierlein

Comparative mythology is the comparison of myths from different cultures in an attempt to identify shared themes and characteristics. Comparative mythology has served a variety of academic purposes. For example, scholars have used the relationships between different myths to trace the development of religions and cultures, to propose common origins for myths from different cultures, and to ...

8 Common Myths About Account Aggregators | Parallel - Blog
Like the Many-Worlds theory, string theory demonstrates that parallel universes exist. According to the theory, our own universe is like a bubble that exists alongside similar parallel universes. Unlike the Many-Worlds theory, string theory supposes that these universes can come into contact with one another.
