central role radiology plays in patient care. As a member of the Radiological Society of North America (RSNA) Patient-Centered Radiology Steering Committee, I was involved in a recent project in which we surveyed 694 RSNA members on various aspects of patient-centered radiology.

Patient Care in Radiography - E-Book: With an Introduction ...

Patient transfer. Often a medical emergency occurs when a patient is transported to or from the radiographic suite or in the radiographic area. Therefore all students or any radiology staff involved in patient care must be qualified in cardiopulmonary resuscitation (CPR), which is the restoration of function of the heart and lungs after apparent death.
