Cloud Download vs. Local Reinstall. On modern versions of Windows 10, you'll next have to choose how you want to reinstall Windows. There are two ways: Cloud download or Local reinstall. Local reinstall uses files on your current system to construct a fresh copy of Windows. While it saves you from having to download any files from the internet, it also won't work if your Windows installation ...

Oracle | Integrated Cloud Applications and Platform Services

A personal computer (PC) is a multi-purpose computer whose size, capabilities, and price make it feasible for individual use. Personal computers are intended to be operated directly by an end user, rather than by a computer expert or technician. Unlike large, costly minicomputers and mainframes, time-sharing by many people at the same time is not used with personal computers.
