*After running out of excuses why I should not start my own business, I have decided to launch what I call Buyology. Over the past 13 years I have gained experience in so many different fields and delivered millions in savings for large companies. But what's been missing is the satisfaction of serving clients that truly need help. We ...*

### *Buyology - Book Summary*

*Buyology by Martin Lindstrom is a compulsively readable (at least for marketers) account of a research project that spanned three years and cost \$7 million. Lindstrom's team used both fMRI and EEG technologies to study what was really going on in the brains of consumers as they watched commercials, thought about brands, and much more.*

I picked up Buyology thinking it would offer more mind-bending, anecdotal nonfiction in the vein of Malcolm Gladwell. But, although Lindstrom serves up plenty of anecdotes, but he's no Gladwell in terms of a satisfying read. The basic premise of Buyology is intriguing, and highly relevant to the future of marketing.*
