863 timing belt broke? Posted: 02/12/2012 01:02 PM hey everyone i have a bobcat 863 with deutz motor well i got this bobcat used for a good price cause it wouldnt run well when i first started on it i thought it may have a spun bearing so i started pulling the motor well i was working on the bobcat today getting everything lose so i can pull the motor well come to find out the timing belt is ...

Timing Belt Kit for Bobcat® Skid Steers (Deutz Engine ...

The magirus belt I used was a Dayco 091 RHDN 254 H part number 94525. The kit of belt and idler was around 70.00 a price I could live with. It is absolutely best to install the belt with the engine out of the Bobcat. As for the tensioner I admit to not using the real tool but doing it "by feel" with the aid of a dial gage..
