The Best AP Biology Books 2020: Full Expert Reviews

Excellent! The best test-prep book (in any subject) that I've come across so far. I used this book to study for the AP Biology exam without having taken AP Biology, or any other Biology course, and didn't start studying until the spring semester before the AP Biology Exam, but still managed to score a 5.

Biology, 2017 Edition. Price: About \$50-\$80 on Amazon. Rating: 8/10. Even though this review book technically goes with a specific textbook, you can easily use it on its own. From all that I've read, this book is a solid, well-organized representation of the content and format of the AP Biology exam.
