Pebble Troubleshooter PLEASE NOTE The Pebble watch messages and warnings and icons are not problems with your Pebble watch. They are meant to warn you of a problem in your configuration / network / system so you can fix it. So you can get current data, be as confident in that data as we can make it, and take care of your T1D loved one.

Pebble Watch and Pebble Steel: The Complete Guide

If any of your Pebble Steel's buttons are not functioning correctly, and you have already performed a factory reset with no success (if able to do so), submerge the Pebble Steel under warm water for a few moments. Then, remove the watch from the water and firmly press and hold each button (individually) for 7 seconds.
