Remember that 100% means the whole thing, so 100% of any number is simply the number itself: 100% of 5 is 5. 100% of 91 is 91. 100% of 732 is 732

Step-by-Step Math Problem Solver

In mathematics, a percentage is a number or ratio that can be expressed as a fraction of 100, ... Let a bag contain 2 kg of apples and 3kg of grapes. Find the ratio of quantities present, and percentage occupied by each. Solution: ... In order to solve any percentage problem, you must be able to identify these variables.

Word Problems of Percentage - onlinemath4all

Let's try another one. This time, suppose you work in a lab. You need a 15% acid solution for a certain test, but your supplier only ships a 10% solution and a 30% solution. Rather than pay the hefty surcharge to have the supplier make a 15% solution, you decide to mix 10% solution with 30% solution, to make your own 15% solution. You need 10 liters of the 15% acid solution.
