out how to time a 4 cyl perkins diesel engine..bearings ...

I'm trying to check the fuel pump timing (it is a Perkins AD3 152), because the engine is almost un-startable, it smokes badly when I give it throttle, it runs like crap (certainly not on all 3 or it is de-timed) and it sounds like it exhausts in the intake at low RPM (I can't say idle because it's too rough to be called so).

Perkins Engine Timing Marks

All you need to know about timing a Perkins diesel engine. This Tech Tip, one in a series we publish, can be used to assist you in timing your Perkins 4.108, 4.236, 4.248 and the Perkins 6.354. Certain measures need to be taken when removing the fuel injection pump as well installing it. This Tech Tip follows earlier ones including:

Tech Tip #188: Perkins Engine Number and Location Guide

Perkins had relied on the P4 engine during the years after the war as the power unit for many applications from passenger cars to industrial equipment. By the end of the 1950s the engine was becoming outdated, with the indirect 'Aeroflow' combustion system becoming uncompetitive with new generations of engines from other manufacturers.

Vintage Tractor Engineer - MF35, 3A.152, Rebuild Photos

There is a hole in bell housing on left side of engine but have also read there is marks on the pullys. Need to know this as this spot will be where I point the timing light. I believe the continental and perkins have different timing mark locations and that's why I cant seem to get a definitive answer. Any help is appreciated.
