What is the CS70N headset? I've had no problem with my Plantronics Voyager headset - I love it, mater of factly, I'm lost without it. I find the ear buds to be very comfortable, more comfortable than any I've had in the past - clarity is the best, love the fit. I've never tried to put the eartips on another pair of headsets.

Most people would likely buy the CS70 bundle because the handset lifter is almost a must if you have a wireless headset. I owned an earlier version of a Plantronics "wireless" headset (the kind that had the headset wired to another unit about the size of a pager that had all the electronics and had to be clipped to your belt or what-have-you) so I already owned the lifter.
