Pedagogy of the possible: Imagination, autonomy, and space
The importance of learner autonomy has been researched for at least two decades. However, it has been critiqued that most research mainly focused on theoretical explanations and was based on anecdotal evidence (Dalgarno and Lee in Br J Educ Technol 41(1):10–32, 2010; Hew and Brush in Educ Technol Res Dev 55(3):223–252, 2007). Therefore, this study aims to explore how learner autonomy is ...

Autonomy in Education and Development ☐5 ☐ 3 See Knaus & Martin (2003) for an insightful analysis of this form of development assistance in Bosnia today along with comparisons to the 'enlightened' control exercised by the British Raj in India.

Fostering Autonomy in Language Learning

Promoting learner autonomy is not a one-off activity. In my view, it must involve developing their autonomy at every stage and in every area of learning. Autonomy connotes the notion of independent

action/freedom to act. For me, autonomy is promoted right from the stage of deciding what goes into their curriculum.

How do you promote learner autonomy with your students?
The Concept of Autonomy. The idea that moral principles and obligations, as well as the legitimacy of political authority, should be grounded in the self-governing individual, considered apart from various contingencies of place, culture, and social relations, invites skeptics from several quarters.
