Realism (international relations) - Wikipedia
Realism looks at international relations with the nation-state at the center, meaning that it is nation-states that drive global interactions, war, and even diplomacy. In the end, nation-states just like their people and their leaders are driven by self-interest. Now, the crisis in Venezuela is one that did not happen in vacuum.

Realism, though claiming to have a “real” theory on how the world functions, truly has a pessimistic view on how the world behaves. So, according to the theory of realism, the future of Crimea does not look too bright. Reciprocity is huge here, and so is Newton’s Third Law that for every action there is an equal and opposite reaction.
