December 18, 1978, New York, New York), influential political scientist known for seminal studies of power relations and of personality and politics and for other major contributions to contemporary behavioral political science.

Harold Lasswell | American political scientist | Britannica

4. “The study of politics is the study of influence and the influential” (or, as the title of the book has it, “Politics [is] who gets what, when, and, how” (Lasswell).” The strength of this definition is that in its vagueness it is inclusive of all the others. It does not limit politics to having power over others, nor does it

Whether you like it or not, politics is to a great extent about money. In the 1930s, Harold Lasswell reputedly defined politics as a competition about who gets what, when, and how. The core of politics in developed democratic countries rivets around the money – around the rate of taxation and utilization of collected money.
