creating a culture of health varies.

Two of the foundational factors

hospitals can consider in determining
their role are: 1) the degree of mission
alignment with population health
and 2) the level of engagement and
commitment from their board and
senior leadership.

Health: Creating a ...

The Creating a Culture of Health in
Appalachia initiative compiled data
on 41 health indicators to establish a
comprehensive and comparative
overview of population health in
Appalachian counties and in the
nation. The indicators include both
health outcomes (such as disease
mortality) and factors that influence
health outcomes (such as smoking
and access to health care providers).
