Preparing For The Biology Ap
I teach AP biology for our homeschool co-op, and I have been looking for a good AP biology review book since the test was redesigned a few years ago. Barrons, et al, didn't seem to have questions that really prepared the kids for the questions on the actual exam, and all those review books definitely focused on lots of nit-picky details that were no longer required things to memorize.

April 1, 2020, by Lance McNeil. Studying for the 2020 AP Biology Test. AP Biology can be an intimidating course: it is famous for the breadth of knowledge that its students must learn, but what separates it from a regular biology course is the depth of information that a student is expected to know. The 2020 AP Biology exam will be markedly different from previous years' exams, so it is ...
