Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance. Throughout the book, the authors show how managers use financial theory to solve practical problems and as a way to respond to change by showing not just how, but why companies and management act as they do.

Online library download Solution Manual and Test Bank

Brealey, Principles of Corporate Finance, 13e, describes the theory and practice of corporate finance. We hardly need to explain why financial managers have to master the practical aspects of their job, but we should spell out why down-to-earth managers need to bother with theory.

Principles Of Corporate Finance 7th

The fundamental fact of finance, which states that between two securities with the same expected future value investors will pay more for that with lesser variability, is barely mentioned after about 200 pages in the legend to a figure.
