Property Boom and Banking Bust

Property Boom and Banking Bust offers an expert insight into the complex property market dynamics that contributed to the Great Financial Crisis of 2008 and its devastating economic consequences. It is the first book to focus on a woefully underreported dimension of the crisis, namely, the significant role that lending on commercial property development played in the crisis.

Boom, bust or stagnation? Developer Tim Gurner weighs in ...

Among other key topics, the authors explore the philosophical and behavioral factors that propelled irresponsible bank lending and the property boom; how it led to the downfall of the banks; the impact of the credit crunch on the real estate industry generally in the wake of the financial crisis; the catastrophic effects the property bust had on property investors, both large and small; and ...
