Provoked Enlightenment 1 Joanna Chambers

I love a good historical romance, and there is plenty to love about Joanna Chambers' Provoked, the first book in her Enlightenment series. Provoked gives us two fascinating characters at opposite sides of the spectrum. Author Request Review: Provoked (Enlightenment #1) by ...

Provoked is also far from insta-love, with a really intense buildup and a cliffhanger-esk ending. No HFN even at the finish of this installment. However, the writing makes it all worth the wait. I died for the gorgeous language, setting, and characters. I usually don't love single POVs, but Joanna Chambers made it feel like a perfect fit.

Dear Ms. Chambers: Provoked is considerably different from your first two books, and not just because it's male/male. As I read it, I kept feeling a little off-kilter; it gradually became apparent that this story is not a traditional romance.
