Review of "Psychological Testing" by Anne Anastasi

Anne Anastasi is an American psychologist who has achieved a worldwide reputation as an authority on psychological testing, especially the evaluation and interpretation of intelligence testing, culture-free testing, and the methodological problems of test development.

Anne Anastasi - Wikipedia

Increasing attention is being given to the individual who is tested. The test user is encouraged to search for the causes of the individual's performance in that person's experiential history and reactional biography: What about the individual's background may help to understand that person's test responses and enhance the value of scores in predicting subsequent behavior—in school, at work ...

(PDF) Anastasi, Anne - ResearchGate

Anne Anastasi, a famous psychologist in field of psychological testing has defined as, ' A psychological test is essentially an objective and standardised measure of a sample of behaviour ' . Another definition states that, " A psychological test is a standardised procedure to measure quantitatively or qualitatively one or more than one aspect of a trait by means of a sample of verbal or non ...
