Text Summarization with NLTK in Python - Stack Abuse

Python - Remove Stopwords, Stopwords are the English words which does not add much meaning to a sentence. They can safely be ignored without sacrificing the meaning of the sentence. For e

Python Text Processing With Nltk

Text summarization is a subdomain of Natural Language Processing (NLP) that deals with extracting summaries from huge chunks of texts. There are two main types of techniques used for text summarization: NLP-based techniques and deep learning-based techniques. In this article, we will see a simple NLP-based technique for text summarization.
