Rachel Carson, Silent Spring

A marine biologist and nature writer, Rachel Carson catalyzed the global environmental movement with her 1962 book Silent Spring.Outlining the dangers of chemical pesticides, the book led to a nationwide ban on DDT and other pesticides and sparked the movement that ultimately led to the creation of the US Environmental Protection Agency (EPA).

Rachel Carson, Biography

Silent Spring: Silent Spring began with a “fable for tomorrow” – a true story using a composite of examples drawn from many real communities where the use of DDT had caused damage to wildlife, birds, bees, agricultural animals, domestic pets, and even humans. Carson used it as an introduction to a very scientifically complicated and already controversial subject.
