*Syntactic Theory ...*

*This book defends three theses: (i) constructions are the primitive units of syntactic representation, and grammatical categories are derivative; (ii) the only syntactic structures are the relations between a construction and the elements that make it up (that is, there is no need to posit syntactic relations); and (iii) constructions are language-specific.*

*specific and so constructions are basic units of syntactic representation.*

*Radical Construction Grammar : Syntactic Theory in ...*

*Radical Construction Grammar is a construction grammar, in which syntactic representation is a pairing of form and meaning. Constructions are the basic, primitive units of syntactic representation; syntactic categories are roles in constructions. The only type of syntactic relation is the role of a syntactic unit in its construction.*
